

A modern, chrome-finished shower system. It includes a large, square overhead rain showerhead mounted on a vertical bar. Below it, a handheld showerhead is attached to a sliding bar. At the bottom, there is a thermostatic mixer tap with a diverter, allowing water to be directed to either the overhead showerhead or the handheld showerhead. The entire system is made of polished chrome and is set against a plain white background.

TEMPESTA SYSTEM 250 26 978 001 شاور سيستم بترموستات الحمام للتركيب على الحائط

(2/2) وصف المنتج

• ملائم للسخانات الفورية من 18 كيلووات/س

• الحد الأدنى لمعدل التدفق 7 ل/دقيقة

professional edition •

Exploded view diagram of the Bosch Power Tools 2606500000. The diagram shows the main assembly with various components labeled with numbers 1 through 16. A detailed inset shows the connection between parts 20 and 16. Below the main diagram, there are three separate exploded views of sub-assemblies: a trigger switch assembly (parts 1-11), a motor assembly (parts 12-14), and a base assembly (parts 15-16). A legend at the bottom identifies parts 19 (30mm), 18 (30mm), 5, and 17.
